

SMART EYE CARE

REOPENING MAY 4TH

NEW POLICIES

-All patients must wear their own mask/face covering inside the office. No mask, no entry. Exceptions are young children or patients unable to remove a mask without assistance.

- Patients will check in at the front door and then wait in their car until appointment time.

-No family members/friends will be allowed to accompany patient in the office unless they are a young child or need additional assistance. Walk-in traffic will be limited to prevent crowding.

-Patient Screening: While checking in at the front door you will be asked about COVID symptoms, recent travel, and have your temperature taken.

-We have installed new glass barriers at our front desk and on exam equipment. We will continue disinfecting each frame touched before placing it back on the optical shelves. We will also continue practicing best sanitation practices for infection control by ensuring all exam rooms, optical, and frequently touched surfaces are cleaned.

-Telehealth Exams are still available. Please contact us to walk you through this process.
